

ANDERSON MAGUIRE
FUNERAL DIRECTORS

Direct Cremation & Direct Cremation Plus

Both are simple, private cremations with no service at the crematorium, arranged at a local venue on a day and time chosen by us. Everyone in our care is treated with the same dignity. The difference is the chance your family is given to spend time together and *say a proper goodbye*. Here is exactly what each includes, with nothing hidden.

INCLUDED WITH DIRECT CREMATION PLUS

An upgraded coffin

A flat-lid coffin finished in a simulated oak veneer and fitted with four brass ring handles — a traditional look for families who would like something a little more elaborate than the coffin included with a standard direct cremation.

A direct cremation on its own can feel distant and impersonal. *Direct Cremation Plus* keeps everything simple and affordable, while giving your family — and your loved one — the time to be cared for and to say a proper farewell.

Please ask any member of our team. We will explain everything openly, and there is never any obligation.
